

Errata

In the article "Validity of Simplified Versus Standard Self-Report Measures of Pain Intensity in Preschool-Aged Children Undergoing Venipuncture," published in the May 2017 issue (*Journal of Pain* 2017;18:564–573), the headings were incorrectly labeled in Table 1. The correct headings are "T1 T1 T1 T2 T2 T2 T3 T3 T3". The amended table is presented below.

Table 1. Distribution of Pain Scores at 3 Time Points During the Blood Collection Procedure Using FPS-R, S-FPS, and S-COS

| AGE, YEARS | T1 | T1 | T1 | T2 | T2 | T2 | T3 | T3 | T3 |
